COUNTRY PURSUITS DAYS

The home of the Dashwood family since the 17th Century, West Wycombe Park is an outstanding and prestigious venue for country pursuits days. With its beautiful landscaped lake and pristine spring-fed river, you and your guests can combine clay pigeon shooting, falconry, fishing, archery and more to complete a truly memorable day in the most stunning of settings.

FISHING DAYS

The fishery is set at West Wycombe Park. The water comprises of the main lake, which extends to some six acres, and the river system in the shape of a swan. The park is also abundant in wildlife including kingfishers, ducks and red kites.

The water itself is usually crystal clear and abundant in insects and other life. It is well stocked with brown and rainbow trout. The average size is about 1.5lbs and they run to about 5lbs although the odd larger fish has been caught. We restrict to fly fishing only, usually nymphs and dry flies. We ask that all trout be returned although rods may keep a fish or two if they desire.

All equipment and instruction will be provided.

TEAM BUILDING

A group of five people are riding ATVs through a wooded area. They are wearing helmets and high-visibility jackets. The ATVs are orange and black. The ground is muddy and there is a stream in the background. The scene is outdoors with many trees.

Our team building activities or 'missions' are designed to develop a range of skills that can be taken back and applied in the workplace. Improved communication, greater confidence, greater motivation, trust, effective use of time and resources and planning skills are just a few we aim to develop.

The packages are created to encourage groups to work together as a team and at the same time have some seriously good fun! The day can be tailored to suit staff or clients and can be personalised to add extra relevance to your company's products or services.
